

Koyo®

Double Row Sealed Ball Bearings

...Responding to the Needs of the Market

The Pulse of the Market...

In addition to researching and developing innovative new products to fulfill market needs, Koyo is constantly looking for ways to make improvements to its current line of quality bearings. You can be sure that the entire Koyo product line evolves with your needs so that there is a Koyo bearing to match every application.

Koyo Quality...Constantly Evolving

- All the benefits of Koyo's double row angular contact ball bearings...now available with seals
- Double row sealed ball bearings can accommodate radial and axial bi-directional thrust load

Koyo...Bringing world-class quality bearings to a whole new level...Yours.

Contact your authorized Koyo Bearing Distributor for more information.
